Dear Mr/Mrs/Ms

Thank you for volunteering to serve your fellow citizens as Member of Parliament for this constituency. I wish to encourage you to promote measures that benefit the health and well-being of all Jamaicans. I therefore express my strong support for retaining and enacting laws and policies that protect the sanctity of life, marriage and family as traditionally defined.

In this respect, I stand for the following:

1. Protection of the unborn,
2. Retention of the laws against buggery and abortion,
3. Retention of the definition of sexual intercourse under section 2 of the Sexual Offences Act, 2009,
4. Maintaining or increasing the age of consent,
5. Age-appropriate sex education that is compatible with our laws and preserves the traditional distinction between male and female in accordance with the design of the human body,
6. Retention of the definition of marriage under section 18 of the Charter of Fundamental Rights and Freedoms (Constitutional Amendment) Act, 2011, namely, the voluntary union of one man and one woman.

I respectfully ask you to give effect to these expressed positions in your deliberations in Cabinet and Parliament on my behalf, and in any subsequent ministerial decisions and administrative actions.

Yours sincerely,
